VISITORS WELCOME—CLOSED SUNDAYS

*I want to build a garden
where Loveliness dwells.
A garden where the
lingering pictures in
Memory's eye come into be-
ing and all the dreams I have
dreamed of Paradise nestle
at my feet in my own door-
yard. A garden where the
divine laboratory of Eternity
lies in my hand and speaks in
untold tomes the delights,
the mysteries, the wonders
of the Hand behind it all.*

Chelsa C. Sherlock.

Peonies

Prices given are for well-balanced commercial roots with three to five eyes.

Sent post or express free to any point in the United States.

Persons wishing one to two-eye roots may deduct one-third from all roots listed at \$1.00 or more.

The 12 roots at 50c will be sold for \$5.00. We will also sell one Baroness Schroeder, one Mons, J. Elie, one Mme. E. Galle and any nine of the 50c roots for \$5.00.

Reductions will be made on higher-priced roots in lots of six or more.

Let us know your wants.

We guarantee all stock true to name. In case of possible error, we will replace or be responsible for original cost only.

We furnish brief cultural directions with Peony and Iris orders.

Peonies as a Cut Flower

With over 25 years experience we have learned by close attention to details to handle cuts so that they reach the ultimate buyer in the best possible condition. When Peonies are late for Memorial Day in this section, we get a moderate supply direct from an experienced grower in southern Indiana. In late seasons the Iris are in their prime for Memorial Day.
